KEY SKILLS

- SAP ERP materials and inventory modules
- Database querying for inventory and procurement reporting
- Microsoft Excel (pivot tables, VLOOKUP, Power Query)
- Dashboard development
- Inventory aging and slow-mover analysis
- Cycle count and physical inventory reconciliation
- Purchase order exception management
- Supplier on-time delivery scorecarding
- Demand and inventory planning support

ABOUT ME

Two years supporting inventory planning and procurement reporting at a mid-size manufacturer. Strong Excel and query skills, learning dashboard tools, and comfortable pulling data from the ERP to answer buyer and planner questions same-day.

PROFESSIONAL EXPERIENCE

Supply Chain Analyst

Kettering Precision Components, Grand Rapids, MI | February 2023 - Present

- Maintain weekly inventory aging report covering roughly 1,800 SKUs and flag items over 120 days for the planning team
- Wrote a database query that pulled open purchase order exceptions in under a minute, replacing a 45-minute manual pivot process
- Support monthly cycle count reconciliation across two warehouses and helped raise inventory record accuracy from 92% to 97%
- Track supplier on-time delivery for 60 vendors and prepare the scorecard used in quarterly business reviews

EDUCATION

Bachelor of Business Administration, Supply Chain Management

Western Michigan University | May 2023

- Certified in Production and Inventory Management, Part 1, 2024
