KEY SKILLS

- Bilingual evaluation (Spanish/English)
- Standardized preschool language, articulation, and early receptive-expressive assessments
- Hanen It Takes Two to Talk (certified)
- Phonological process therapy (cycles approach)
- Arizona early intervention family service plan writing
- Parent coaching, telepractice
- EMR: Central Reach, Fusion Web Clinic

PROFESSIONAL EXPERIENCE

Speech-Language Pathologist | Saguaro Kids Therapy, Tucson, AZ | 2022 – Present

- Evaluate and treat 35-40 children weekly ages 18 months to 12 years, with roughly 40 percent of the caseload receiving services in Spanish.
- Completed 54 initial evaluations in 2024 using standardized preschool language, articulation, and early receptive-expressive measures in Spanish and English editions.
- Built a phonological-processes group for 4-5 year olds; average client discharged from the cycle after 22 weeks meeting age-expected patterns.
- Coach parents through weekly 10-minute home practice plans and track carryover on the client portal.
- Consult with local Head Start classrooms twice a month on speech-sound screening referrals.

Early Intervention SLP (Contract) | Desert Sky Early Intervention Services, Tucson, AZ | 2020 – 2022

- Delivered in-home early intervention services to 22 families across Pima County, writing family service plan outcomes with the primary service provider model.
- Trained caregivers on Hanen-style responsive language strategies during natural routines (bath, mealtime, book sharing).
- Documented visits in Central Reach with same-day upload to meet contract requirements.
