Education

BSN, University of Rhode Island, 2017

Registered Nurse, State of Rhode Island (Compact), in good standing

BLS and advanced cardiac life support, American Heart Association, current

Key Skills

- Epic (inpatient)
- Telemetry and 12-lead interpretation
- IV drip titration
- Charge nurse workflow
- Preceptor and new-grad orientation
- Rapid response and code documentation
- Structured shift handoff
- Fall and pressure-injury prevention

Professional Experience

Charge Nurse, Medical-Surgical | Bayview Regional Medical Center, Providence, RI
2021 – Present

- Run charge on a 28-bed med-surg unit covering 4 to 6 RNs and 2 techs per night shift; handle bed placement, staffing gaps, and rapid response calls.
- Cut average patient throughput time from the emergency department to the floor by 41 minutes over an eight-month stretch by rebuilding the bed-request workflow with the house supervisor.
- Precept 3 to 5 new-grad RNs per year; two former orientees are now charge-eligible.
- Lead unit-based fall reduction committee; monthly fall rate dropped from 3.8 to 2.1 per 1,000 patient days.
- Cover code team as recorder or compressor on off-shifts.

Staff RN, Cardiac Step-Down | Bayview Regional Medical Center, Providence, RI
2018 – 2021

- Carried a 4-patient assignment on a telemetry step-down floor covering post-catheterization and post-bypass surgery recovery.
- Titrated drips per protocol including heparin, cardizem, and amiodarone.
- Served on the shared governance council that rewrote the shift-handoff report template.
- Preceptor of the Year, 2020.
