Robert Johnson

Health Care

New-grad RN with clinical rotations across med-surg, labor and delivery, and behavioral health. Nurse tech experience on an ortho floor throughout the last two years of school. Looking for a first RN role on a medical-surgical or telemetry unit.

Professional Experience

NURSE TECH I RIVERBEND COMMUNITY HOSPITAL, GRAND RAPIDS, MI I 2022 - 2024

- Supported an 8-to-10 patient assignment on a 24-bed orthopedic post-op unit; vitals every 4 hours, ambulation, I&Os, and blood glucose checks.
- Documented in Cerner; escalated abnormal vitals to the RN using a structured report format.
- Trained three incoming techs on safe patient handling and the unit's fall-prevention rounds.
- Picked up 12-hour weekend shifts through nursing school without a call-off in 18 months.

SENIOR PRACTICUM STUDENT NURSE I RIVERBEND COMMUNITY HOSPITAL, MED-SURG, GRAND RAPIDS, MI I SPRING 2024

- Completed 180-hour capstone with a preceptor, carrying up to 4 patients by end of rotation.
- Administered oral, IV, and subQ medications under supervision; passed dosage calc exam with a 98.
- Presented an evidence-based project on catheter-related urinary infection reduction to unit staff.
