

David Martinez

Material Handler

Seasoned material handler with 8 years of warehouse and distribution experience across auto parts, consumer electronics, and third-party logistics. Certified on multiple lift types, comfortable on handheld scanner and voice-pick systems, and steady through peak season. Looking for a lead or senior role at a site that takes safety and accuracy seriously.

KEY SKILLS

- Sit-down and stand-up forklift
- Reach truck and cherry picker
- Handheld scanner and SAP EWM inventory system
- Pallet jack (manual and electric)
- Cycle counting and inventory audits
- Load planning and trailer staging
- Employer-provided forklift certification (in good standing)
- Basic Spanish for warehouse floor

PROFESSIONAL EXPERIENCE

Senior Material Handler | Redwood Freight Solutions, Fort Wayne, IN
2021 - Present

- Pick, pack, and stage 180-220 orders per shift for a regional auto parts network, holding pick accuracy above 99.6% on cycle counts.
- Run reach truck and stand-up forklift daily, pulling from racking up to 28 feet without a recordable incident in three years.
- Trained six new hires on handheld scanner workflow and cut their ramp time from three weeks to about ten days.
- Flagged a recurring mislabel from a supplier that was causing wrong-part shipments, saved the site roughly \$18,400 in return freight over one quarter.

Material Handler | Blackwater Logistics Co., South Bend, IN
2018 - 2021

- Loaded and unloaded 30-40 trailers per week, using sit-down forklift and pallet jack.
- Rotated between receiving, put-away, and shipping lanes based on daily dock volume.
- Kept staging lanes organized so outbound drivers averaged under 25 minutes at the dock.
