KEY SKILLS

- Three-statement modeling
- Credit analysis and memo writing
- Project finance cash flow modeling
- Excel (lookup formulas, data tables, scenario manager)
- Capital markets research platforms
- PowerPoint for finance audiences
- Committee presentation
- Bloomberg Terminal (working knowledge)

PROFESSIONAL EXPERIENCE

Graduate Assistant, Center for Energy Finance | Fuqua School of Business, Durham, NC | 2024 – Present

- Support a faculty director on two research projects covering utility-scale solar project finance and residential heat pump adoption economics.
- Built a scenario model in Excel comparing 15-year cash flows for four heat pump financing structures; model is being used in a working paper submitted this spring.
- Coordinate a monthly speaker series that has drawn about 60 attendees on average across the fall term.

Commercial Credit Analyst II | Tallgrass Regional Bank, Omaha, NE | 2021 – 2024

- Underwrote middle-market C&I credits ranging from \$3M to \$28M across manufacturing, ag processing, and healthcare.
- Carried a portfolio of 41 relationships; zero criticized migrations during my time as lead analyst.
- Wrote credit memos and presented to the regional loan committee, with roughly 90% of my recommendations approved as written.
- Trained two incoming analysts on the internal spreading system and the bank's underwriting playbook.
- Left to pursue a full-time MBA and pivot toward corporate finance.

Commercial Credit Analyst I | Tallgrass Regional Bank, Omaha, NE | 2019 – 2021

- Spread financial statements and prepared annual reviews for a portfolio of about 60 borrowers.
- Flagged a covenant miscalculation on a legacy healthcare credit that had gone unnoticed for two reporting cycles; correction was folded into the next amendment.
- Promoted to Analyst II after 20 months.

EDUCATION
