

Obinna Silva

Optometrist

Optometrist with 6 years of experience performing comprehensive eye examinations using slit lamp biomicroscopy, OCT imaging, retinoscopy, and visual field analysis to diagnose conditions including glaucoma, macular degeneration, and diabetic retinopathy. Increased clinic efficiency by 22.14% by consolidating visual field analyzer and OCT imaging into a single pre-exam sequence. Redesigned EMR templates and standardized diagnostic coding to raise documentation accuracy scores across multiple practice settings.

KEY SKILLS

- Slit lamp biomicroscopy
- Optical coherence tomography
- Visual field analysis
- Retinoscopy
- Tonometry
- EMR documentation
- Phoropter refraction
- Ocular disease diagnosis
- HIPAA compliance
- Contact lens fitting
- Patient counseling

PROFESSIONAL EXPERIENCE

OPTOMETRIST | KICKAPOO VALLEY EYE CENTER, BARABOO, WI 2023 – PRESENT

- Raised documentation accuracy score from 87 to 97.47 by redesigning EMR templates and standardizing diagnostic coding across 11 exam categories.
- Improved patient satisfaction survey results by 29 points over 18 months through structured post-exam counseling and follow-up scheduling protocols.
- Reduced appointment scheduling gaps by 7 minutes per block by restructuring pre-testing workflows with the autorefractor and tonometer stations.
- Examine eyes using slit lamp biomicroscopy, OCT imaging, and pharmaceutical agents to diagnose conditions including glaucoma, macular degeneration, and diabetic retinopathy.

OPTOMETRIST | PINE RIVER FAMILY EYECARE, REEDSBURG, WI 2021 – 2023

- Achieved a documentation accuracy score of 96.6 on quarterly chart audits by implementing a same-day review process for all clinical notes in the EMR system.
- Increased clinic efficiency by 22.14% by consolidating visual field analyzer and OCT imaging into a single pre-exam sequence, saving 9 minutes per patient visit.
- Removed corneal and conjunctival foreign bodies for an average of 3 urgent-care patients per week, maintaining zero complication incidents over 24 months.

ASSOCIATE OPTOMETRIST | DELLS CREEK VISION GROUP, WISCONSIN DELLS, WI 2020 – 2021

- Boosted patient satisfaction scores from 71 to 84 within 8 months by adding chairside education on diagnosis findings using OCT printouts.
- Improved clinic throughput by 17.05% after proposing a phoropter calibration schedule that eliminated mid-day instrument delays.
- Performed comprehensive eye examinations using retinoscopy, slit lamp evaluation, and dilated fundus exams to identify early-stage ocular disease in 134 chronic disease patients.

EDUCATION

Doctor of Optometry
Illinois College of Optometry, Chicago, IL | 2016 – 2020
