- IT Budget Planning
- Vendor Management
- Cloud Architecture

PROFESSIONAL EXPERIENCE

VP of IT

Osage Bluff Manufacturing, Sedalia, MO | 2020 - Present

- Reduced annual IT costs by \$467,000 by retiring 3 legacy data center racks, consolidating redundant licensing, and shifting 74 production workloads to AWS.
- Delivered 7 major projects per year across ERP upgrades, network refreshes, and cloud deployments, completing each within 11 days of the original deadline.
- Migrated 74 on-premises workloads to AWS over 14 months, cutting provisioning lead times from 9 days to under 4 hours.
- Consulted with division managers, plant supervisors, and external vendors quarterly to assess computing needs and draft 18-month capacity plans.
- Presented annual technology roadmaps to the board of directors, tying each initiative to P&L targets and capital allocation priorities.

Director of IT

Lamine Valley Health Services, Jefferson City, MO | 2016 - 2020

- Cut hosting and maintenance expenses by \$283,000 annually by migrating 38 clinical application servers from on-premises VMware to AWS.
- Completed 5 major infrastructure projects per year, including an Epic interface build, a VoIP rollout, and a wireless network redesign across 4 clinic buildings.
- Assigned and reviewed the work of 9 systems analysts and programmers, holding weekly backlog reviews in JIRA.
- Evaluated 12 data processing proposals in a single fiscal year, scoring each on cost, timeline, and compliance with HIPAA Security Rule requirements before recommending approval.

IT Manager

Moniteau Creek Financial Group, California, MO | 2014 - 2016

- Migrated 21 file and application servers from a colocation facility to AWS, reducing monthly infrastructure spend by \$8,740.
- Delivered 3 major projects per year including an Office 365 rollout, an Active Directory domain consolidation, and a FortiGate firewall replacement.
- Reviewed project feasibility documents for each proposed system change, clearing an average of 7 change requests per month with fewer than 2 requiring rework.

EDUCATION

BS in Computer Science

Missouri Western State University, St. Joseph, MO | 2010 - 2014

CERTIFICATIONS

- Certified Information Security Manager, ISACA, 2018
