- Sensitivity Analysis
- EBITDA Adjustments

ABOUT ME

Analyst with 3 years of experience building financial models across LBO, merger, and comparable-company frameworks and coordinating diligence calls with management teams, lenders, and outside counsel. Sent agendas and data-room links to every participant ahead of diligence calls between client management and prospective buyers at a middle-market advisory firm.

PROFESSIONAL EXPERIENCE

Analyst I 2024 - Present

Tombigbee Ridge Capital Group, Starkville, MS

- Built 17 financial models in Excel covering LBO, merger, and comparable-company frameworks for prospective investments across healthcare, industrials, and consumer sectors.
- Coordinated 43 diligence calls with management teams, lenders, and outside counsel, scheduling sessions within an average of 2.3 days of request.
- Analyzed 4 distinct industries for the deal team, compiling market-sizing data and competitive landscape summaries averaging 14 pages each.
- Prepared preliminary screening packages by organizing financial statements and market data, reducing average assembly time from 7 days to 3 days per opportunity.

Investment Banking Analyst I 2023 - 2024

Pascagoula Creek Advisory, Jackson, MS

- Built 10 financial models for middle-market M&A engagements, including sensitivity analyses with up to 6 variable assumptions per model.
- Coordinated 31 diligence calls between client management and prospective buyers, sending agendas and data-room links to every participant in advance.
- Researched 3 industries using Bloomberg, producing sector overview decks that averaged 22 slides and were delivered within 4 days of assignment.
