PROFESSIONAL EXPERIENCE

ECONOMIST I LITTLE RED POLICY ADVISORS LLC, SEARCY, AR 2023 – PRESENT

- Delivered 27 client briefings on proposed tax legislation and trade regulation impacts, presenting findings to boards, agency directors, and legal counsel across 9 engagements.
- Completed 11 regulatory compliance reviews of NEPA environmental assessments, verifying economic assumptions and flagging 4 deficiencies before submission deadlines.
- Identified \$456,300 in cost savings for a county transportation authority by analyzing procurement contracts and recommending alternative bid structures in Excel.
- Studied socioeconomic impacts of 3 proposed state tax changes, compiling testimony materials that supported expert witness appearances in administrative hearings.

ASSOCIATE ECONOMIST I BEEBE CREEK RESEARCH GROUP, BEEBE, AR 2021 – 2023

- Completed 7 regulatory compliance reviews of MMPA-related economic impact statements, finishing each review in an average of 14 days.
- Identified \$375,400 in annual cost savings for a municipal utilities client by modeling rate structures and demand elasticity in Stata.
- Supervised 2 graduate research assistants on a housing-affordability study, reviewing drafts weekly and maintaining a 3-week deliverable schedule.
- Provided litigation support for 4 administrative proceedings, preparing economic analysis reports totaling 186 pages for expert testimony.

ECONOMIC RESEARCH ANALYST I OZARK HIGHLANDS CONSULTING PARTNERS, CONWAY, AR 2020 – 2021

- Studied the socioeconomic impacts of 5 proposed regulations on regional manufacturing employment, using R to visualize job displacement scenarios.
- Prepared briefing materials for 8 client presentations on labor market trends, condensing analyses into 12-slide PowerPoint decks delivered within 48 hours of data receipt.

- Drafted sections of 3 policy papers examining the effects of sales-tax exemptions on small-business formation in rural counties.
