KEY SKILLS

- Telemetry monitoring equipment
- Epic EHR
- EKG/ECG interpretation
- Cardiac rhythm analysis
- IV drip equipment
- Defibrillator operation
- HIPAA compliance
- Infection control procedures
- Evidence-based nursing practice

PROFESSIONAL EXPERIENCE

New Grad Telemetry RN | Mimbres Valley Regional Hospital, Silver City, NM
2024 - Present

- Maintained a 97.56% documentation compliance rate by completing all cardiac rhythm notes, assessment entries, and intervention records in Epic within 18 minutes of each event across the telemetry unit.
- Responded to an average of 34 telemetry alarms per shift, triaging critical arrhythmias and notifying physicians within 2 minutes to support timely intervention.
- Reduced adverse incident response time from 4.7 to 2.3 minutes by memorizing unit code cart locations and rehearsing rapid response protocols during monthly drills.
- Performed 12-lead EKG readings and documented findings using standardized templates, completing interpretation notes in under 9 minutes per tracing.
- Administered IV fluids and non-titratable drip medications per physician orders, verifying rate settings and documenting each infusion start and stop time in Epic.

Nursing Intern - Telemetry | Gila Bluffs Community Hospital, Bayard, NM
2023 - 2024

- Monitored continuous cardiac rhythms on telemetry equipment for up to 5 patients, escalating 27 alarm events per shift to the supervising RN within 3 minutes.
- Improved documentation compliance from 88.5% to 97.19% over 4 months by adopting a structured charting checklist for vital signs, intake and output, and rhythm strip findings in Epic.
- Assisted the nursing team with defibrillator setup during 4 code blue events over 6 months, preparing equipment in under 90 seconds each time.

EDUCATION

Bachelor of Science in Nursing

New Mexico State University, Las Cruces, NM | 2019 - 2023
