

Ari Bhatt

Senior Veterinarian

Veterinarian with 7 years of experience in companion-animal medicine, shelter partnerships, and practice operations, holding the Fear Free Veterinary Professional Certification and DEA Controlled Substance Registration. Lowered surgical complication rates from 8.8% to 4.4% across soft-tissue procedures by standardizing pre-operative ultrasound screening and post-operative wound assessment protocols. Trained veterinary technicians on controlled-substance compliance, managed chronic-condition nutrition programs, and consolidated vendor contracts worth \$6,950 per quarter to reduce inventory costs.

- Ultrasound diagnostics
- Anesthesia monitoring
- Surgical instrument sterilization
- Cloud-based veterinary software
- FIFO inventory management
- DEA controlled-substance compliance
- Small-animal nutrition planning
- Shelter medicine protocols
- Microsoft Excel

PROFESSIONAL EXPERIENCE

Senior Veterinarian | 2023 - Present

Tomichi Creek Animal Hospital, Gunnison, CO

- Reduced pharmacy and supply inventory costs by 10.3% over 14 months by consolidating vendors, switching to FIFO stock rotation, and renegotiating purchasing contracts worth \$6,950 per quarter.
- Lowered surgical complication rates from 8.8% to 4.4% across 183 soft-tissue procedures by standardizing pre-operative ultrasound screening and post-operative wound assessment protocols.
- Raised live adoption placement rate from 82.3% to 90.6% for a county shelter partnership by redesigning intake health evaluations and accelerating spay/neuter clearance turnaround to 36 hours.
- Advised pet owners on nutrition programs for 23 patients with chronic renal or endocrine conditions, reducing diet-related readmissions by 3 cases per quarter.

Staff Veterinarian | 2021 - 2023

Slate River Companion Care, Crested Butte, CO

- Achieved a live adoption placement rate of 87.5% for shelter animals by completing health evaluations, behavioral notes, and spay/neuter clearances within 48 hours of intake.
- Reduced post-surgical complication incidence from 9.9% to 5.8% for canine dental extractions by introducing a digital radiography review step before each procedure.
- Examined animals presenting with lameness, dermatological conditions, and abdominal distress, diagnosing an average of 26 cases per week using ultrasound and radiographic imaging.
- Trained 3 new veterinary technicians on controlled-substance logging procedures aligned with DEA regulations, achieving zero documentation errors over 18 months.

Associate Veterinarian | 2019 - 2021

Elk Mountain Veterinary Clinic, Salida, CO

- Cut pharmaceutical waste costs by \$4,720 annually by auditing expired inventory monthly and adjusting order quantities in cloud-based veterinary software.
- Coordinated adoption health clearances for a county shelter partnership, placing 74 animals per month with a live placement rate of 89.2%.
- Counseled owners of 31 breeding animals per quarter on reproduction program timing, vaccination schedules, and neonatal care plans.

CERTIFICATIONS

- North American Veterinary Licensing Examination, International Council for Veterinary Assessment, 2019
- DEA Controlled Substance Registration, US Drug Enforcement Administration, Diversion Control Division, 2019
- Fear Free Veterinary Professional Certification, Fear Free, LLC, 2020
