PROFESSIONAL EXPERIENCE

STAFF SONOGRAPHER | APPOQUINIMINK VALLEY MEDICAL CENTER, SMYRNA, DE 2024 – PRESENT

- Reduced equipment downtime from 6.3 hours to 2.1 hours per month by coordinating preventive maintenance schedules and documenting transducer wear on the GE Logiq 9.
- Perform diagnostic ultrasound scans across 4 departments including radiology, OB/GYN, emergency, and outpatient services.
- Complete an average of 287 ultrasound scans per month, selecting and archiving images in PACS that differentiate healthy from pathological tissue.
- Determine whether scan scope should be extended based on real-time findings, consulting with radiologists on 9 cases per week requiring expanded views.

SONOGRAPHY TECHNICIAN | CHESAPEAKE MARSH COMMUNITY HOSPITAL, DOVER, DE 2023 – 2024

- Performed 214 monthly ultrasound scans covering abdominal, pelvic, and small-parts studies under supervising sonographer guidance.
- Provided imaging services to 3 facilities within the hospital network, traveling to satellite clinics twice per week.
- Recorded and stored diagnostic images using a camera unit connected to the Acuson ultrasound system, tagging each study with correct patient identifiers and exam codes in the EMR within 7 minutes of completion.

EDUCATION

A.A.S. in Diagnostic Medical Sonography
Delaware Technical Community College, Wilmington, DE | 2021 – 2023
