

OLGA LUND

Construction Superintendent

Lewistown, MT 12345 | (406) 555-0111 | olga.lund@example.com

PROFILE

Bringing 7 years of experience across commercial and municipal construction, this professional reduced workplace incidents by 36.3% on a \$7.7M commercial retail project through restructured safety talks and PPE enforcement. Skilled in Procore, Fieldwire, and Primavera P6, with an OSHA 30-Hour Construction completion and a record of delivering projects ahead of schedule while improving client satisfaction scores.

KEY SKILLS

- Procore
- Fieldwire
- Primavera P6
- Bluebeam
- Schedule variance management
- OSHA construction safety standards
- Blueprint and specification reading
- Subcontractor coordination
- Budget tracking
- Quality control

PROFESSIONAL EXPERIENCE

Construction Superintendent

Shields Valley Builders, Lewistown, MT | 2022 - Present

- Reduced workplace incidents by 36.3% over 14 months by restructuring daily toolbox talks and enforcing PPE compliance across a \$7.7M commercial retail project.
- Improved client satisfaction scores from 72.3 to 89.4 on post-project surveys by holding biweekly owner walkthroughs and resolving field issues within 48 hours.
- Delivered a 3-building municipal complex 17 days ahead of the contracted schedule by sequencing concrete pours and framing around weather windows.
- Inspect active jobsites twice daily to verify compliance with OSHA construction safety standards and local building codes before pouring or backfill operations.

Assistant Superintendent

Cottonwood Creek Construction, Great Falls, MT | 2020 - 2022

- Boosted project delivery efficiency by 24.2% on a \$13.6M mixed-use development by coordinating trade sequencing in Procore and flagging schedule conflicts 5 days before they affected critical path.
- Cut workplace incidents from 11 to 7 per quarter by introducing a near-miss reporting form and reviewing findings at weekly safety meetings.
- Determined labor requirements for 4 active work fronts, dispatching crews of 18 to 34 workers based on daily progress and weather conditions.

Field Engineer

Yellowstone Rim Contractors, Billings, MT | 2019 - 2020

- Raised client satisfaction survey ratings by 16.8 points on a \$2.2M tenant improvement project by tracking open items in Fieldwire and closing them within 3 days of identification.
- Oversaw plumbing and painting subcontract work on 2 municipal projects, verifying scope completion against contract documents before approving pay applications.
- Logged daily field reports in Procore for 247 consecutive workdays, documenting weather delays, material deliveries, and crew counts for project records.

EDUCATION

BS in Construction Engineering Technology

Montana State University, Bozeman, MT | 2015 - 2019

CERTIFICATIONS

- OSHA 30-Hour Construction Outreach Training, course-completion card, 2020
