PROFESSIONAL EXPERIENCE

LEAD STOCKER | CLEARWATER BASIN SUPPLY CO., SHERIDAN, WY 2023 – PRESENT

- Reduced workplace incidents from 5 to 1 per quarter by redesigning pallet staging zones, adding floor markings, and enforcing daily PPE inspections across a 28,400-square-foot warehouse.
- Lowered product damages by 30.5% over 9 months by retraining the stocking crew on proper case-handling techniques and replacing worn pallet jack wheels.
- Oversaw receiving and stocking operations across 28,400 square feet of warehouse and retail floor space, coordinating aisle assignments for incoming freight.
- Read catalog orders each morning to verify sizes, colors, and quantities against purchase records, resolving 13 discrepancies per week before items reached shelves.

STOCKER | WIND RIVER MERCANTILE GROUP, BUFFALO, WY 2021 – 2023

- Managed daily replenishment across a 19,750-square-foot sales floor, rotating stock using FIFO methods and clearing backlog within 90 minutes of each delivery.
- Cut product damage incidents by 0.4% in the seasonal goods department by building custom shelf dividers and padding high-breakage zones.
- Counted and recorded incoming stock items using a barcode scanner, logging an average of 1,340 line items per shift into the warehouse management system.
- Stored items in labeled bin locations throughout a 6,200-square-foot backroom, maintaining aisle clearance that passed every quarterly OSHA walkthrough.

STOCK ASSOCIATE | GOOSE CREEK RETAIL PARTNERS, GILLETTE, WY 2020 – 2021

- Reduced workplace incidents from 3 to 1 over an 8-month period by keeping staging areas clear and reporting hazards within 15 minutes of discovery.
- Unpacked and shelved merchandise across a 12,100-square-foot retail floor, maintaining FIFO rotation on perishable and dated goods.
- Recorded stock counts manually on tally sheets during weekly cycle counts, reconciling 270 line items per count and entering corrections into
