PROFESSIONAL EXPERIENCE

Senior Packer | Tennessee Valley Consumer Goods Co., Scottsboro, AL
2023 - Present

- Reduced packaging errors by 44.3% over 8 months by introducing a two-step label verification process and standardized container selection guidelines.
- Onboarded 5 new hires on container assembly, banding equipment use, and RF scanner workflows, bringing each to independent performance within 12 days.
- Shortened average delivery delays from 3.1 days to 0.7 days by reorganizing outbound staging lanes and coordinating carrier pickup windows.
- Examine and inspect finished containers against spec sheets before sealing, flagging dimensional or weight variances for QC review.

Packer | Sand Mountain Distribution Services LLC, Guntersville, AL
2021 - 2023

- Trained 4 new hires on banding equipment operation and FIFO product rotation, cutting their average ramp-up period to 9 days.
- Added foam insert checks before final sealing on a fragile-goods line, with 3 damaged-item returns in 6 months.
- Sorted and moved up to 37 SKUs per shift using pallet jacks and hand tools, keeping outbound orders staged within 45 minutes of the scheduled window.

Packer | Raccoon Creek Fulfillment Group, Fort Payne, AL
2020 - 2021

- Loaded materials into stretch-wrap equipment and conveyor systems for an average of 184 cartons per shift.
- Pre-sorted pallets according to carrier route and dock assignment so each carrier pickup loaded in one pass.
- Inspected inbound packaging materials for tears, moisture damage, and label accuracy, rejecting 11 defective lots in 14 months.

CERTIFICATIONS

- Powered Industrial Truck (Forklift) Operator Certification, Employer, under OSHA standard 29 CFR 1910.178 | 2021
