- Telemetry monitoring equipment
- Epic
- EKG/ECG
- IV medication administration
- HIPAA compliance
- Infection control procedures
- Hemodynamic monitoring
- Evidence-based nursing practice
- Defibrillator operation

PROFESSIONAL EXPERIENCE

TELEMETRY STAFF NURSE | SANDHILLS CREEK REGIONAL MEDICAL CENTER, SANFORD, NC 2023 – PRESENT

- Achieved a 4.7 out of 5 handover communication accuracy score by standardizing bedside shift reports with rhythm strip reviews and pending lab callouts for 6 patients per handoff.
- Manage full assignments of 6 telemetry patients per shift on a 30-bed cardiac step-down unit, completing independent rhythm interpretations and escalating ST-segment changes within 4 minutes.
- Reduced medication administration errors from 2 per quarter to 0 over 3 consecutive quarters by implementing a barcode-scanning double-check at the bedside using Epic.
- Participate in code blue and rapid response events, assisting with defibrillator operation during 7 activations over the past 12 months.

TELEMETRY NURSE | PIEDMONT HOLLOW COMMUNITY HOSPITAL, SILER CITY, NC 2021 – 2023

- Cared for 5 cardiac monitoring patients per shift on a 24-bed unit, interpreting rhythm strips every 4 hours and documenting findings in Epic within 8 minutes of each reading.
- Improved handover communication accuracy from 3.9 to 4.4 out of 5 by adopting a printed bedside summary sheet that included drip rates, pending orders, and rhythm trends.
- Administered an average of 29 scheduled medications per shift with 0 errors across a 14-month period, verified through pharmacy reconciliation reports.
- Assisted physicians with Holter monitor placement and removal for 11 patients per week, labeling leads and uploading data within 15 minutes of each disconnection.

MEDICAL-SURGICAL RN | LEE COUNTY HEALTH PARTNERS, SANFORD, NC 2020 – 2021

- Provided direct care to 5 medical-surgical patients per shift, monitoring post-operative vitals every 2 hours and communicating changes to the attending within 6 minutes.
- Maintained 0 medication administration errors over 4 consecutive quarters while managing a 28-bed unit medication pass using barcode verification in Epic.
- Documented assessments, interventions, and discharge instructions in Epic, completing each entry within 12 minutes of the encounter.

EDUCATION

Bachelor of Science in Nursing
University of North Carolina at Greensboro, Greensboro, NC | 2016 – 2020
