Carolyn Parker

Associate Quality Engineer

Mechanical engineering graduate with 2 years of experience in manufacturing quality, keeping 4 product lines in compliance with ISO 9001 and AS9100 requirements through weekly process checks and logging deviations in SAP for immediate disposition. Skilled in CMM inspection, SPC analysis, Root Cause Analysis, and CAPA Management across aerospace and machining environments.

Professional Experience

ASSOCIATE QUALITY ENGINEER | SHOSHONE CREEK MACHINING LLC, POWELL, WY | 2025 - PRESENT

- Kept 4 product lines in compliance with ISO 9001 and AS9100 requirements through weekly process checks, logging deviations in SAP for immediate disposition.
- Closed 23 corrective actions within an average of 9 days each by coordinating with production leads to verify root causes and confirm containment steps.
- Reviewed production schedules and engineering specifications for 6 active work orders daily, flagging sequence-of-operations conflicts that cut rework hours from 18 to 11 per week.
- Compiled weekly quality metric reports in SAP, tracking reject rates and first-pass yield data for 4 machining cells.

QUALITY TECHNICIAN | BIGHORN VALLEY COMPONENTS INC., CODY, WY | 2024 - 2025

- Logged dimensional nonconformances in SAP and checked each operator adjustment within 72 hours, so no open item aged past a week.
- Reduced assembly changeover inspection time from 45 to 31 minutes by recommending a revised sequence of operations for 3 high-volume part families.
- Performed dimensional checks on 38 parts per shift using CMM equipment and recorded measurements in SPC software to monitor process stability.
