Nia Kerr

Entry-Level Laborer

Construction laborer with 2 years of experience in trench excavation, material staging, pipe-laying support, and site maintenance across residential and utility projects. Improved material handling efficiency by 25% by reorganizing lumber and pipe staging areas and shortening forklift travel paths. Holds an AAS in Construction Technology and maintains PPE compliance across multiple concurrent work zones.

PROFESSIONAL EXPERIENCE

2025 - Present

Entry-Level Laborer | Cimarron Ridge Contractors, Raton, NM

- Improved material handling efficiency by 25% by reorganizing lumber and pipe staging areas and shortening forklift travel paths from 4 minutes to under 3 minutes per load.
- Maintained 35,000 sq ft of active job-site area daily, clearing debris, grading access paths, and ensuring PPE compliance across 2 concurrent work zones.
- Completed 13 residential and utility projects in the past 12 months, assisting skilled trades with pipe-laying, trench backfill, and concrete placement.
- Dug trenches averaging 48 inches deep using picks and shovels, then compacted backfill with a pneumatic tamper to meet grade specifications within 0.5 inches.

2024 - 2025

General Laborer | Vermejo Creek Building Group, Springer, NM

- Loaded and unloaded an average of 22 pallets of block and pipe per shift using a forklift, keeping staging areas stocked for 7 crew members.
- Maintained 24,000 sq ft of cleared work area around storm drain installations, removing spoil piles and repositioning barricades after each excavation phase.
- Lubricated and cleaned pneumatic equipment and hand tools at the end of every shift, logging each service entry in a daily checklist for 11 tools.

EDUCATION

AAS, Construction Technology

Central New Mexico Community College, Albuquerque, NM | 2022 - 2024
