Charge Nurse

Registered Nurse with 6 years of experience supervising CNAs and RNs on a medical-surgical unit, conducting incident investigations, and enforcing infection-control protocols. Cut hospital-acquired pressure injuries from 4.2 to 1.9 per 1,000 patient-days on a 26-bed unit by implementing early-mobility protocols and repositioning schedules within 8 hours of admission. Skilled in Epic EHR, telemetry/EKG monitoring, IV therapy administration, and CAUTI prevention.

PROFESSIONAL EXPERIENCE

CHARGE NURSE
ASHUELOT RIVER COMMUNITY HOSPITAL, KEENE, NH | 2023 – PRESENT

- Cut hospital-acquired pressure injuries from 4.2 to 1.9 per 1,000 patient-days on a 26-bed medical-surgical unit by implementing early-mobility protocols and repositioning schedules within 8 hours of admission.
- Completed 14 incident and accident investigations over 11 months, documenting root causes in the hospital incident reporting system and presenting corrective actions to the nursing director within 48 hours of each event.
- Reduced catheter-associated urinary tract infections from 3.1 to 1.4 per 1,000 catheter-days by enforcing daily necessity reviews and sterile insertion checklists.
- Supervised 5 CNAs and 4 RNs per 12-hour shift, assigning patient loads and verifying care-plan updates for all admitted patients.

STAFF NURSE
MONADNOCK VALLEY MEDICAL CENTER, PETERBOROUGH, NH | 2021 – 2023

- Assessed dietary intake and physical activity levels for an average of 21 patients per day, updating individualized care plans in Epic EHR within 35 minutes of each evaluation.
- Investigated 8 unit safety incidents in one year, compiling findings into reports that informed new HIPAA-compliant documentation procedures.
- Administered IV medications and managed infusion schedules using IV therapy equipment, maintaining accurate records for up to 18 patients per shift.
- Monitored telemetry/EKG readings for post-operative cardiac patients and escalated rhythm changes to physicians in an average of 3.5 minutes.

STAFF NURSE
CONTOOCOOK CREEK HEALTH SERVICES, CONCORD, NH | 2020 – 2021

- Assessed home environments for 9 patients per week preparing for discharge, identifying safety risks and coordinating equipment needs with case managers.
- Maintained accurate patient records including vital signs, lab results, and progress notes, completing documentation within 30 minutes of each encounter.
- Participated in a hand hygiene audit team that raised unit compliance from 78% to 91% over 6 months through staff education and spot checks.
